

**25 SEPTEMBER 2017      CIMIC REFINANCES AND EXPANDS \$2.6B SYNDICATED  
BANK FACILITY**

CIMIC Group has successfully refinanced and expanded its core working capital cash facility, as part of its long-term financing strategy.

The new syndicated bank facility is for \$2.6 billion, split across two tranches of three and five years.

It replaces the existing \$1 billion facility, which matures in December 2017, as well as a portion of the Group's bi-lateral cash facilities and some maturing US dollar debt.

CIMIC Group Chief Executive Officer Adolfo Valderas said: "The successful refinancing of the core working capital facility is consistent with the Group's strong investment grade rating and a reflection of our balance sheet strength, which was also evident in our half-year results.

"The increased financial flexibility will continue to support our strategy, especially in pursuing business opportunities in line with our approach to capital allocation."

The refinancing was heavily over-subscribed. It received a strong response from lenders in Australia and Asia, allowing the facility to be upsized.

Earlier this year, Moody's Investors Service upgraded CIMIC Group's long-term issuer rating to Baa2 from Baa3, and Standard & Poor's raised CIMIC Group's rating to BBB/A-2 from BBB-/A-3.
